“Cameroon” – Changes to the Conditions for the Selection of the Implementing Agency for the Implementation of the Capacity Building for Land-use Planning Project

Adopted by email on 10.04.2025
EB.2024.14

Considering:

- Decision [EB.2023.19](#) adopted on 8 August 2023 selecting the GIZ for the Implementation of the Capacity Building for Land-use Planning Project and requesting GIZ to develop a project document for a duration of 3 to 5 years and for a budget of up to 6,259,000 USD.
- Decision [EB.2023.22](#) adopting CAFI’s [Policy on Project Budgeting](#).

The Executive Board:

1. Requests GIZ (referred here as “implementing organization”) to develop a project document for the “Capacity Building for Land-use Planning Project” for a duration of 3 to 5 years and for a budget of up to 7,300,000 USD.
2. Reiterates that the present decision does not represent a funding allocation decision for the full project. Any funding will be approved based on the submission of a project document and according to the Terms of Reference of the Trust Fund.
3. Recalls that feasibility studies and the design of projects and programmes should place strong emphasis on (i) gender inclusion, including in terms of sex-disaggregated data, (ii) human rights and non-discrimination, (iii) conflict prevention and resolution, in particular with regard to land tenure, (iv) monitoring and learning, while ensuring strong alignment with the CAFI results framework, (v) analysis of the link with forest conservation, (vi) analysis of opportunities for scale-up and means to achieve them , (vii) analysis of risks of corruption and conflicts of interest, as well as the stakeholders likely to gain or lose as a result of the initiative, (viii) the use – to the extent possible – of local references and analysis with respect to potential beneficiaries, market opportunities and income opportunities for smallholders and economic viability, limitations and risks; (ix) clear integration and interlinkages between the various interventions proposed; (x) a clear exit/sustainability strategy; (xi) a robust analysis and management of risks.
