

Monitoring and Evaluation Framework

Adopted at Oslo on June 17, 2016

EB.2016.10

The Executive Board

1. Recognizes that CAFI uses a list of proposed outcome indicators that implementing organizations can select from as a menu. The EB determines to review the utility of this approach periodically.
2. Requests that the EB shares inputs about the wording and data sources of the CAFI outcome indicators by Thursday June 23, which will be compiled and circulated by the CAFI Secretariat on June 24 and discussed, if needed, on Monday June 27.
3. Requests the CAFI Sec to share the finalized list of indicators with the FONAREDD Executive Secretariat after the closure of the calls for proposals June 30.
4. Requests the CAFI EB representatives to ensure, during the meetings of the FONAREDD Technical and Steering Committees, that implementing organizations (IO) submitting program proposals to the National Fund monitor and report on:
 - a. At least 1 CAFI outcome indicator for sectoral program
 - b. At least 1 CAFI outcome indicator per sector for integrated programs (IOs can propose additional outcome level indicators if none of the CAFI indicators are appropriate for a specific component of an integrated program)
5. Requests that EB donors contributing parallel or aligned funding to a NIF, i.e. without using the CAFI Fund, seek to apply relevant CAFI outcome indicators (with possible flexibility in wording) in their M&E frameworks and share their reports with the EB.
