

CAFI Results Framework

Decision adopted at EB 12 in Bonn, Germany

5 April 2019

EB.2019.03

Whereas

- The CAFI Executive Board (EB) [adopted in 2016](#) a set of [outcome-level indicators](#) and has tested a strategy to collect them in countries where programmes of the Investment Plan are funded
- The CAFI Secretariat presented a set of revised indicators and baselines estimates at the 12th meeting of the CAFI EB

the EB

- Will propose revisions in writing by 5 May 2019, to be discussed and finalized in a technical workshop no later than 15 May 2019
- Asks all implementing agencies with active programmes to fully collaborate to complete the set of baselines in 2019 and results or progress data in their annual reports
- Takes note of the output level indicators that have been developed in collaboration with the DRC FONAREDD and stresses the importance of respecting the reporting frequency associated with these indicators
