The Executive Board

- a) Takes note of the programming note entitled "*Orientations sur la programmation en République du Congo*" submitted for the 13<sup>th</sup> Executive Board meeting
- b) For programmatic efficiency, requests the Secretariat to conduct a consultation-based programming by mapping precisely:
  - Programming activities in progress
  - Agency capacities and their implementation modalities
  - Co-financing that can be made available
  - The interests expressed in the priority areas identified by CAFI.
- c) Based on this mapping, further requests the Secretariat to propose programs by potential agency.

On the basis of these consultations, the Executive Board will request the agencies to develop the programs unless there is no agreement between the stakeholders (in which case calls for proposals will be launched).
