EB.2024.21

Considering :

- Decision [EB.2023.26](#) asking the CAFI Secretariat to develop a shorter structure for the next [2023] CAFI report, in line with industry standards, and setting.
- Decision [EB.2023.26](#) setting a target a 2023 target of at least 50% of projects meeting 4 out of 4 criteria (gender responsive) and an additional 30% of projects meeting 3 out of 4 criteria (highly gender-sensitive).
- Decision [EB.2024.13](#) on project annual reports.

The Executive Board:

1. Adopts the 2023 Annual report.
2. Reminds Implementing organizations that no extension, at or without cost, will be granted to projects that have repeatedly failed to comply to the reporting deadlines and format set out in the CAFI Manual of Operations.
3. Reminds Implementing organizations that EB approval of new projects will take into account the track record of implementing organizations in respecting the reporting requirements of the CAFI legal framework.
4. Takes note of the unmet 2023 gender targets; asks the CAFI and FONAREDD secretariats to ensure dissemination of the gender scores; and asks implementing organizations whose projects have earned low scores to take all proactive measures, in line with their policies and procedures, to better report and/or enhance their gender performance so that targets established for 2023 are met by end 2024.

5. Recalls the FONAREDD Steering Committee decision 01/05/24, asking the FONAREDD secretariat to undertake a detailed analysis of beneficiaries with implementing organizations, and look forward to receiving it, as per CAFI's participation in the FONAREDD Programme Review Committee, by 31 July 2024.
